

Aromafier® Essential Oil Fan Diffuser INSTRUCTIONS

PARTS

FEATURES

A quiet fan broadcasts your favorite essential oil aromas.

1. Coverage Area: Up to 100 sq ft
2. Light Mode: Soft White Power Indicator
3. Includes 3 unscented, replaceable Absorbing Pads
4. Power: USB Cord (included) or 2 AA batteries (not included)

CARE & MAINTENANCE

Only use the power cord supplied with the unit. Always remove the power cord before cleaning.

Essential oil should not come in contact with the exterior surface of the unit. If essential oil drips onto the unit, wipe off immediately with a soft cloth.

TO CLEAN:

Wipe gently with white vinegar on a soft cloth. Do not use strong cleaning agents.

INSTRUCTIONS FOR USE

Place the diffuser on a flat surface when operating.

1. Push the Base Tab in and down to remove the Base from the Main Body and reveal the Absorbing Pad.
2. Lift the Absorbing Pad Tray off the Base. Add a few drops of essential oil to your desired strength directly onto the Absorbing Pad. Do not oversaturate. Replace the Absorbing Pad Tray.
3. Reattach the Base to the Main Body.
4. If you are using the USB Cord, plug the Connector into the DC Socket in the back of the diffuser. Then plug the USB End into a USB port.
5. If you are using batteries, insert 2 AA batteries (not included) into the Battery Compartment and replace the cover.
6. **Power Button Functions:**
 - 1st Push = Continuous diffusion with Power Indicator Light
 - 2nd Push = Turns unit off completely

NOTES:

- Only use 100% pure essential oil. Other types, such as fragrance and synthetic oils, may cause corrosion that can damage your diffuser and void our warranty.
- Replace the Refill Absorbing Pad when changing fragrance or after extended use. To store used pads, place in an airtight container or re-sealable plastic bag.
- Disconnect USB Cord when not in use.
